World-Class Power, Simple Design Pit-Style Low-Rise Lift

The P-9000LTF is BendPak's 9,000-lb. offering that simply increases the lifting power of the P-6FB pit lift. No matter what you're working on, BendPak has the capability to lift it. High-stance trucks and SUVs can be easily serviced with the optional arm extension kit and truck adapter set. With this much lifting potential, there's almost no lift point spread or vehicle frame the P-9000LTF can't handle. Shops run faster and earn more with the super-efficient P-9000LTF at their disposal. A host of clever engineering devices and standard features ensure this car lift will last for many years of valuable service.

Features

- 9,000-lb. lifting capacity
- Easily convert fast-lube pits into wheel service work bays
- Mounts outside the pit rail without interfering with center work area
- Model P-9000LTF flush-mount model provides recessed drive-over option
- Heavy duty 1.5 HP electric-hydraulic power unit
- Electronic push-button controls allow smooth, single-hand operation
- Automatic multi-position safety locks with air release deliver safe, remote operation
- Powder-coat finish
- Durable rubber-topped pad surface and rubber lift blocks provide quick set-up
- Optional arm adapters
