GEAR UP FOR SUMMER WITH COOLEE™

Meet the CL-50R – the ultimate portable ice chest and air cooler. This eco-friendly cooler comes equipped with durable, oversized wheels for effortless transportation. With its massive 50-quart storage capacity, you can keep all your drinks and snacks icy cold. The built-in Bluetooth speakers make it the perfect addition to any outdoor gathering, allowing you to set the mood with your favorite tunes. Thanks to the high-speed fans and multi-directional nozzles, you can direct cold air precisely where you need it. When the battery runs low, take advantage of the dual solar panels to take in everything the sun has to offer. The CL-50R has it all – convenience, functionality, and eco-friendly features for your next adventure. Visit Coolboss.com/coolee to learn more.
