Your Low-Profile, Portable Oil Drain Solution

This heavy-duty, low-profile [oil drain](#) gives you 15 gallons in the tub, so it's perfect for truck and RV service. Removable steel mesh keeps foreign debris out, while baffles and splash guards prevent spillage. You'll be pulling as much as 110 lbs. of oil in this drain, so you'll be glad to have the swivel casters and T-handle for easy mobility. Use it with an evacuation pump or good old gravity. It's completely up to you.

Features

- Wide-body design eliminates tipping and assures proper balance
- Removable steel mesh cover keeps out debris
- Built-in baffles and splash guards prevent spillage
- Heavy-duty steel construction with a low-profile design
- Ideal for truck and RV service
- Swivel casters for superior mobility
- T-shaped handle for easy positioning
- Built-in drain nozzle
