

RTJ-1100

1/2-Ton Capacity Transmission Jack

SKU# 5150442

SMOOTH HYDRAULIC LIFTING

Designed for efficient drivetrain components in space-conscious shops, the **RTJ-1100** delivers controlled lifting, confident stability, and reliable performance. Its 1,100 lb. lifting capacity and compact footprint make it ideal for handling transmissions, transaxles, and drivetrain components without sacrificing maneuverability. A foot-operated hydraulic system and adjustable saddle support precise positioning, while rugged steel construction ensures dependable use in demanding service environments.

1/2 TON
CAPACITY

72"
Raised Height

FEATURES

Compact, space-efficient design
