

BendPak Technical Service Bulletin

Making hydraulic connection to the Power Unit on an Apex 2-Post Lift

BendPak TSB_183_092025_AL-9LC_Power-Unit_Hydraulic_Connection

This Technical Service Bulletin revises a specific illustration in the AL-9LC Two-Post lift's manual (5900592) which depicts the process of mounting the Power Unit.

Installing the Power Unit illustration on page 35 is hereby obsoleted, and is replaced with this version of the same illustration, which clearly helps the installer see which port to connect the short hydraulic to on the Power Unit.

If you experience difficulties with the XX Series Lift, technical support and service is available from the on the Web at bendpak.com/support, by email at support@bendpak.com, or by phone at **(800) 253-2363**. Follow the prompts to reach service. Online chat is also available at www.bendpak.com
